Summary: "Following the advice that is offered in this book will support your efforts to become an effective literacy leader. You can't ask for a book to do much more." - Richard L. Allington, Professor of Literacy Studies, University of Tennessee and author of the What Really Matters series "I felt the text read easily as one educator speaking to another and that the students in my classes would find the text accessible." - Marie A. LaJeune, Western Oregon University "I appreciate that the authors see literacy leaders as more than just the reading teacher, but as anyone in the school who wants to make a difference in the literacy lives of students." - Carolyn Carlson, Washburn University "I liked this book very much, and would recommend to others, particularly teachers who are transitioning to leadership roles. It is filled with the kind of information that makes one say, "I wish someone had told me that!" - Janice C. Brunson, Stafford County Public Schools, Stafford, VA.
