

7-22

By Michael S. Walker

Creative Guy Publishing, Canada, 2013. Paperback. Book Condition: New. 198 x 129 mm. Language: English . Brand New Book ***** Print on Demand *****. When Lee Dritson awakes on 7-22, he's not too sure what to expect, whether green skies, strange all-knowing Mrs. Robinsons, or guest lectures from the Venerable or even the Honorable, Bede, or any combination of these, on any given 7-22. and if there's something he should be remembering, just on the tip of his memory? Understanding? Well, luckily there's a few folks around to help him write the thoughts. . .this story doesn't just move, it sprints and red-shifts, and then backtracks sometimes in the damndest way you've ever seen. There's a smartass computer who could be HAL's clownish second cousin; there are dungeons; there are torturers; there is torture (but not all what you'd expect); whether or not there is romance is something I'm still not sure of, so that'll be your call; and, yes, Tasmanian tigers. Very important. (from the introduction by Gary A. Braunbeck).
