It is made by l an exclusive method of salt A, refining, which produces salt 99.7 pure. Other makers do not use any process similar to ours. Consequently, other makers leave much of the natural salt impurities in. They leave in the gypsum (which is native to all salt) so that their salt is less pure than ours. Gypsum is a hurtful substance for you to eat. Yet, though Shaker is a purified, salty salt, its grains are so fine and small that you may salt your food as lightly as you wish. You may get a delicacy of flavor which is hardly possible w...
