From the creator of Wreck This Journal, an exploration into the creative process and chance. . . Once your quarry is in hand, you'll apply an alteration dictated solely by chance: create a funny character, make it into a building, conceal it, add polkadots, remove a section, add stripes, scribble on top, fold, turn into an article of clothing, make it pretty, and so on. The results: you'll be forced out of habitual ways of thinking or acting, discover new connections, and try things you might not have done on your own, creating a version of The Pocket Scavenger that is unique, dependent on time, place, experience, and you. Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
